

Erasmus+ Strategic Partnerships Project (KA2)  
 “Effective Methods for Strengthening the Learning Process in Teaching Science”  
 Learning, teaching, training activity  
 Short-term exchanges of groups of pupils (students)  
**“Biology teaching/learning activities by using Natural Science Mobile Lab”**  
 19th-25th November 2017  
 EVALUATION

**The aim of this questionnaire is to measure the quality of the activity, the impact of courses on improving students ‘skills / competence, and the significance / impact of the event on the project participant.**

Summarized feedback from 20 participants

Criteria and arguments	Strongly disagree (1)	Disagree (2)	Neutral / Neither agree or disagree (3)	Agree (4)	Stongly agree (5)
<b>Organization and the content of the activities</b>					
The appropriate places for the activities were chosen			3 (15%)	8 (40 %)	9 (45 %)
The appropriate time and duration were chosen		1 (5 %)	7 (35%)	10 (50 %)	2 (10 %)
The classes helped me acquire new theoretical knowledge and practical skills related to learning Biology			3 (15 %)	9 (45 %)	8 (40 %)
There was an opportunity for exchanging ideas and experiences		1 (5 %)	2 (10 %)	5 (25 %)	12 (60%)
The activities met my expectations		2 (10 %)	2 (10 %)	12 (60%)	4 (20%)
The teachers I worked with were competent			1 (5 %)	5 (25 %)	14 (70%)
<b>The impact of activities on students skills / improvement of competences</b>					
Increased self-study skills		1 (5 %)	8 (40 %)	7 (35%)	4 (20%)
Increased motivation to learn Biology		2 (10 %)	5 (25%)	8 (40 %)	5 (25 %)
Increased motivation to help the teacher to teach Biology /plan the activities together			6 (30%)	12 (60%)	2 (10 %)
Encouraged to establish closer ties with students from other countries			2 (10 %)	8 (40 %)	10 (50 %)
Increased ICT skills		5 (25 %)	5 (25 %)	9 (45 %)	1 (5 %)
<b>Significance / impact to the participant</b>					
Increased language skills				6 (30%)	14 (70%)
Increased teamwork skills				10 (50 %)	10 (50 %)
Increased knowledge about partner countries and culture		1 (5 %)	3 (15%)	3 (15%)	13 (65 %)
Increased self confidence			3 (15%)	10 (50 %)	7 (35%)
Increased social skills				11 (55 %)	9 (45 %)

## Comments

- It was really fun to work with my team, I improved my teamwork skills -5
- I really liked working in this group and I am very happy.
- I improved my teamwork skills a lot because I had to communicate with many students from different countries.
- In my opinion, this project was very helpful to encourage us into working with people from other countries, giving us confidence, it gave us life experience.
- We made a simple project-experiment and it helped me improve myself.
- This project improved my communication skills, as long as my language skills. We all got the opportunity to make new friends, and learn about new cultures. It was very self-accomplishment in the way that we learn to work as a team with other countries, and I hope I can do it again.
- Yes. The project improved my skills. There were so many opportunities to improve our skills.
- The project improved my social and language skills.
- The teamwork was great. We got to interact with different types of working methods and it was a lot of fun to get to know the other students. The activities exceeded my expectations.
- My teamwork skills were increased. This was a new and fun experience.
- Make more projects like this. I improved my working in teams skills. Working in teams was my favourite part of this project.
- Working in teams was the best part of this project because we could speak with students from other countries. The dinner in the families was also very fun. I think that we should have spent even more time together.
- There wasn't enough activities with the school's community. A lot of Lithuanian students wanted to interact more with guests.
- I really enjoyed to work in groups, I made a lot of new friends and had a lot of fun while doing it. We in our group could share the jobs in the experiment really well.
- This project helped me to think differently about Biology.
- I liked this experience because I increased my English skills and we could see a lot of monuments in Lithuania. We know new people other countries now.
